Review OF The Philips 40PFL9705H/12 (40PFL9705) 40 inch Full HD 1080, LCD Television, LED Back Lit , 400Hz, and Ambilight Spectra 3

The all new **Philips 40PFL9705** is a superb 40inch Full HD LED backlight LCD Television. With an exclusive features and technology the Philips the 40PFL9705 is in a league of its own. Features of the 40PFL9705H includes a full HD 1080 LED edge lit panel, a built in Freeview digital tuner, 400Hz technology, Perfect Pixel HD Engine, LED and Ambilight Spectra 3.

The ultra slim design is down to the LED edge backlight on the Philips 40PFL9705H. The LED backlight, not only makes the 40PFL9705 look great, it also has a lot of technological benefits as well. The picture quality on LED televisions is breathtaking, and rivals the picture quality normal seen on plasma televisions. The contrast between whites and blacks is outstanding with the highest contrast ratio ever achieved on an LCD panel. As well as the high picture quality the LED backlit panel on the 40PFL9705H also uses a lot let electricity, making it more eco friendly.

The awesome LED backlight working with the powerful Perfect Pixel HD engine, delivers an exceptional picture. These two features combined with the 400Hz Clear motion technology, gives the 40PFL9705H a superiority over current televisions on the market from other brands. If you are an action film of sports fan you will really appreciate the 400Hz technology on the 40PFL9705 LED television. Unlike standard LCD TV that run at 50Hz, delivering 50 frames a second, the Philips 40PFL9705 runs at 400Hz, delivering 400 frames a second. As a result of the extra frames per second the Philips 40PFL9705/H delivers, motion blur is virtually eliminated, producing a sharper, clear image.

The best selling feature of the **Philips 40PFL9705H/12** has to be the Ambilight Spectra 3. The Ambilight Spectra 3 is exclusive to Philips, and you will not find a feature like this on any other TV on the market. The Ambilight creates a whole new dimension to the way to watch television, turning this LCD television in to a statement piece in your home. This patented Philips technology enlarges the screen by projecting light on surrounding walls from 3 sides of the television. The lights colour and brightness changes to match the images that are on the screen. The colour of your walls will not be an issue with the Ambilight Spectra 3 and the Philips 40PFL9705 has a wall adaptive feature.

The Philips 40PFL9705 40inch LED television also has the convenience of a built in Freeview digital tuner. If the digital switch over has not taken place in your area yet, it will be just around the corner, so the need for a Freeview digital tuner has never been so important. With a built in Freeview tuner, there is no need to buy a separate one digital tuner.

If you want a unique television that will make your friends green with envy, The Philips 40PFL9705 is definitely worth considering. The ultra impressive technology and features blow any other current television out of the water. Nothing on the market comes close this Philips high-end 40inch television, and with the Ambilight Spectra 3 technology you will not want any other television.
